

Hollywood Weight Loss Surgeon

Dr. Mathias (Mal) Fobi (M.D. California, USA)

Joins SAIMS as “Hon’ble Clinical Professor”

- Dr. Fobi developed weight-loss surgeries for overweight people as far back as the 1970s
- His signature surgery, "The Fobi Pouch," is a variation of the gastric bypass
- Fobi has helped number of celebrities change their shape like American Idol's Randy Jackson and comedian Roseanne Barr, who have shed nearly two hundred pounds combined.
- He is on Editorial board of renowned international journals & has done various Research Projects on Surgical Treatment of Obesity & outcomes
- He has been President of American Society for Metabolic & Bariatric Surgery Foundation & Medical Director at Bariatric hospitals, Committees and Programs

His success rates have propelled him to surgical stardom and he is now considered a leader in the field of bariatric medicine.

Dr. Mohit Bhandari & Dr. Mathias Fobi

The National & International leader of Bariatric Surgery
